PRECAUTION FOR USE

- Refer to the material safety data sheet, available on request by email: commercial@oxypharm.net.

INSTRUCTIONS FOR USE

Protocol for curative use

- Follow the instructions for use of the diffusion appliance of the range NOCOTECH® (cf. user's manual and quickstart document).
- Attach the 1L bottle to the diffusion appliance NOCOSPRAY® or the 20L tank on the diffusion appliance NOCOMAX®.
- On the device, set the volume (V) of the room to be treated.
As an example: a 20m² room with a height of approximately 2,50m will have a volume of 20 x 2,50m = 50m³.
The device will have to be set on 50m³.
- After the treatment, remove the bottle from the appliance and close it.
- The treatment has to be repeated as often as necessary.

IMPORTANT:

- During diffusion time, leave the room closed and do not enter. The treatment must be conducted with no human presence inside the room.
